# IXL for NWEA® MAP® Growth™ assessments
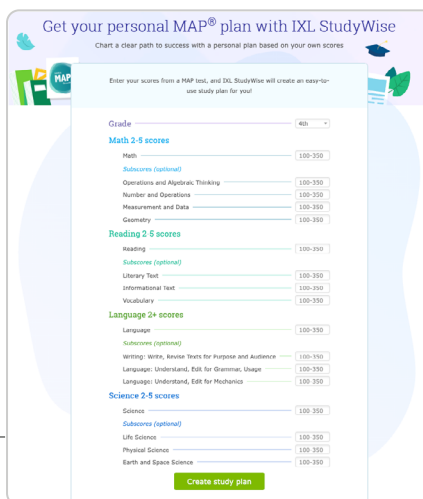

IXL

Steps to Successful Implementation

IXL's personalized MAP® Growth™ study plans guide students to the exact skills that will help them grow the most, based on their RIT scores. Here's how it works:

1
Create personalized study plans

Enter MAP scores into IXL's StudyWise tool to generate custom plans

2
Set goals for students

Aim for proficiency (a SmartScore of 80)

3
Monitor student progress

Use insights from IXL Analytics to plan next steps

Let's take a closer look at how IXL supports MAP® Growth™ assessments

1 ▸ Create study plans

Using students' MAP Growth assessment scores, create custom study plans by selecting your students' grade level and entering their scores for math, reading, science, and language.

Get your personal MAP® plan with IXL StudyWise

Chart a clear path to success with a personal plan based on your own scores

Enter your scores from a MAP test, and IXL StudyWise will create an easy-to-use study plan for you!

|	
Grade	4th
Math 2-5 scores	
Math	100-350
Subscores (optional)	
Operations and Algebraic Thinking	100-350
Number and Operations	100-350
Measurement and Data	100-350
Geometry	100-350
Reading 2-5 scores	
Reading	100-350
Subscores (optional)	
Literary Text	100-350
Informational Text	100-350
Vocabulary	100-350
Language 2+ scores	
Language	100-350
Subscores (optional)	
Writing: Write, Revise Texts for Purpose and Audience	100-350
Language: Understand, Edit for Grammar, Usage	100-350
Language: Understand, Edit for Mechanics	100-350
Science 2-5 scores	
Science	100-350
Subscores (optional)	
Life Science	100-350
Physical Science	100-350
Earth and Space Science	100-350

Create study plan

You can choose a general skill plan if you don't have student scores available.

Navigate to **NWEA MAP Growth** on the Skill Plans page in the Learning tab, and select "**Get study plans for students**."

NWEA MAP® Growth™

Get your own study plan ▸

Math
K   1st   2nd (K-2)   2nd (2-5)
3rd   4th   5th   6th   7th
8th-12th   Alg 1   Geo   Alg 2

Reading
K   1st   2nd (K-2)   2nd (2-5)
3rd   4th   5th   6th   7th
8th-12th

Language
2nd   3rd   4th   5th   6th
7th   8th-12th

Science
2nd   3rd   4th   5th   6th
7th   8th

2 Set goals for students

Encourage students to strive for proficiency (a SmartScore of 80) in each skill. Remember that each skill is adaptive, and will guide students from simpler tasks to more complex problems.

Literary Text

RIT Score: 219+

Analyze Theme and Literary Elements; Summarize

Theme
★ 1. Match the quotations with their themes
★ 2. Determine the themes of short stories

Text analysis
★ 3. Analyze short stories

Analyze Point of View, Features, and Structure

Point of view
★ 1. Identify the narrative point of view

Comparing texts
★ 2. Compare two texts with different genres

Identify skills that you'd like your students to review. Assign skills by clicking the star next to the skill.

3 Monitor student progress

Select "View report" at the top of a student's study plan to go to the Student Score Chart report, where you can check for assignment completion and see their SmartScores. Students who have reached at least a SmartScore of 80 are proficient in the skill, while students below an 80 may need additional assistance.
