

# IXL LevelUp™ Diagnostic: Real-Time Mode Guide

## QUICK-START GUIDE

- The LevelUp Diagnostic in Real-Time mode pinpoints students' levels of understanding in math and ELA, and it can be accessed anytime.
- Teachers receive immediate insight into their students' knowledge, and students are offered tailored recommendations.
- After students reveal their levels, answering 10 questions a week will keep their LevelUp results up to date!

IXL for high school

Did you know? IXL helps high schoolers create their own path to success

Take a look

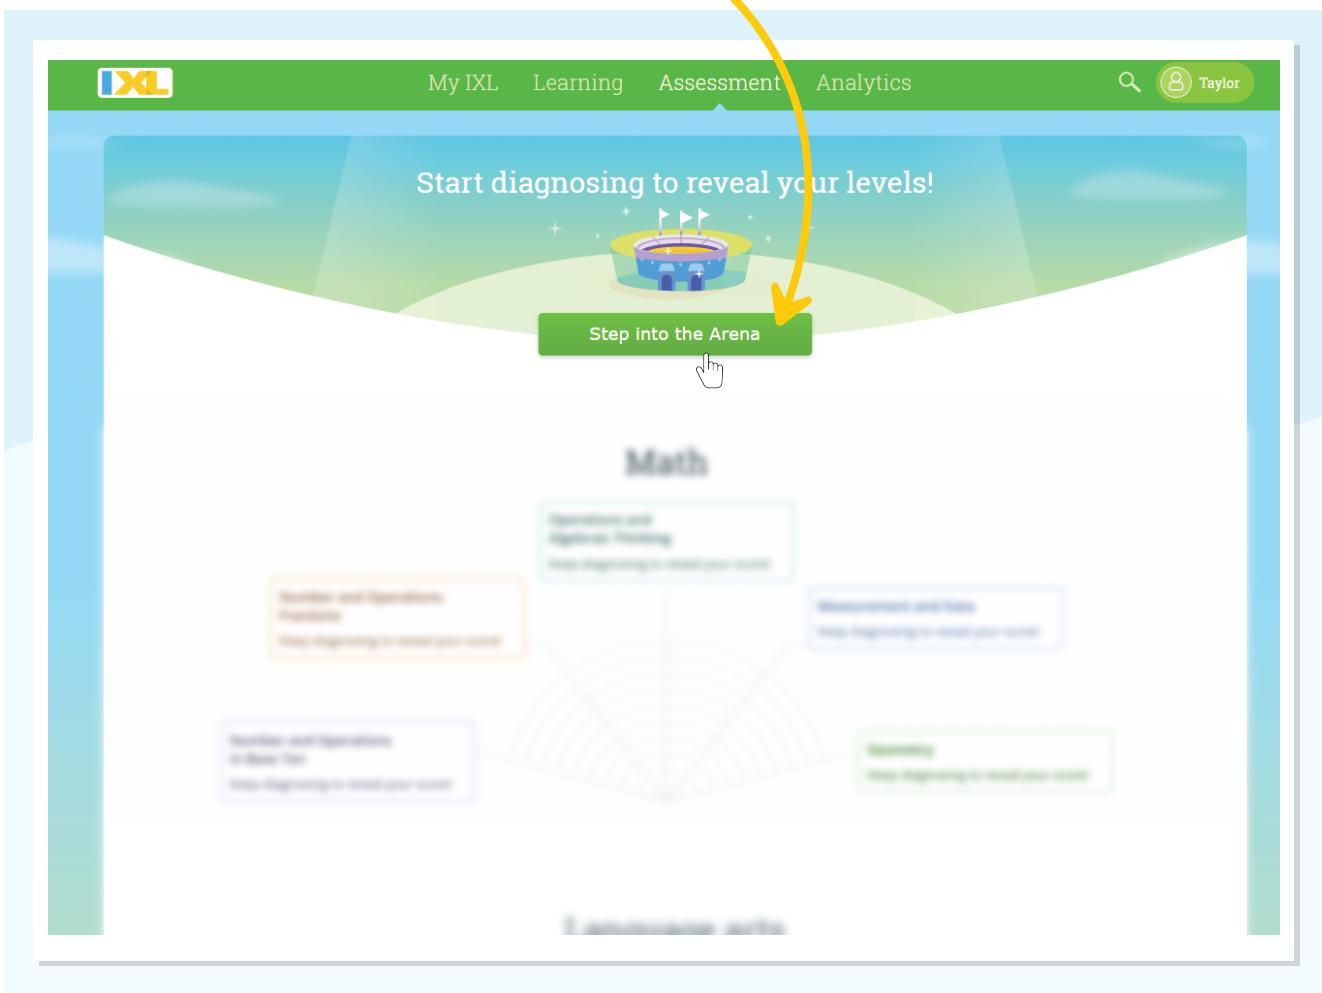

2

Click on **Assessment** to head to the Arena.

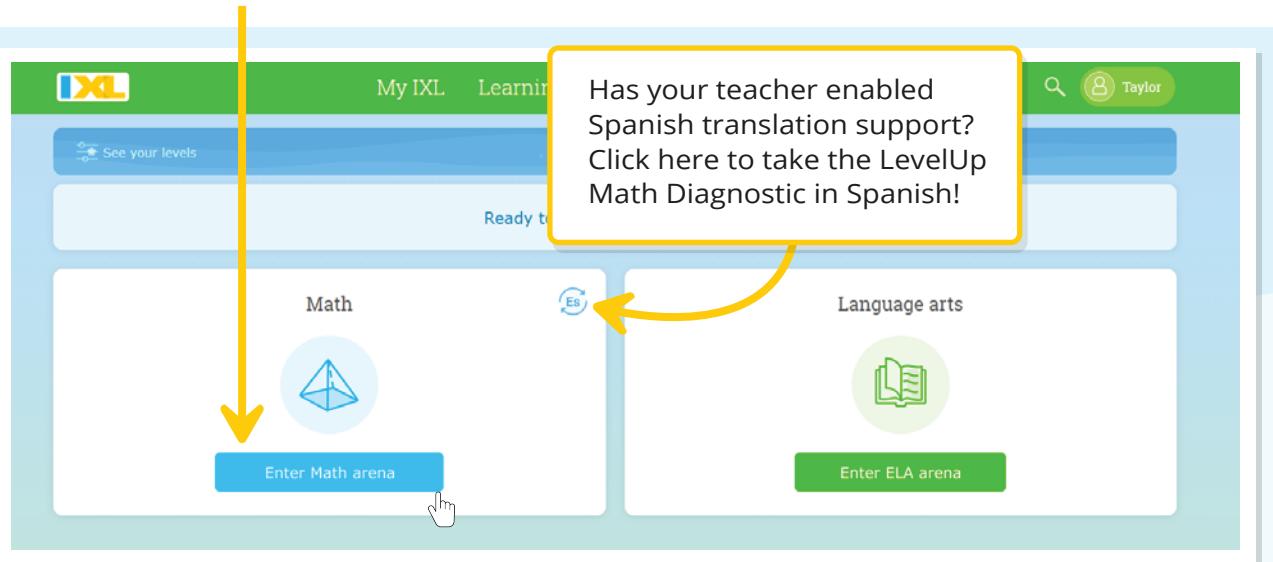

3

Click **Step into the Arena**.

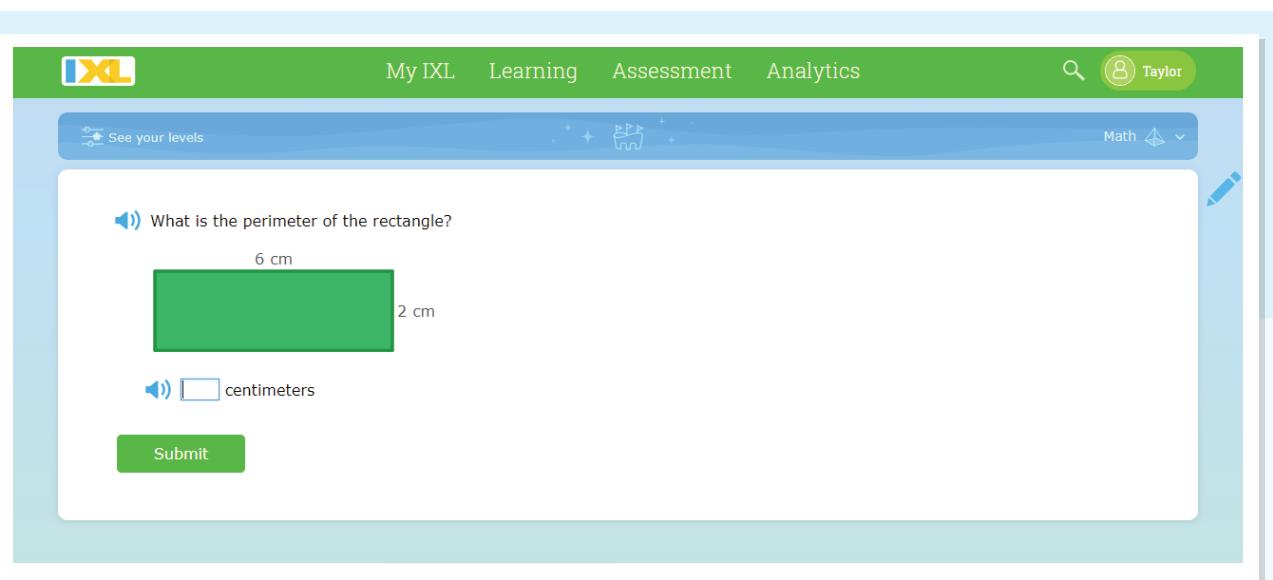

4

You'll have a choice of subjects. Click **Enter Math arena** or **Enter ELA arena** to start the IXL LevelUp Diagnostic in Real-Time mode for that subject.

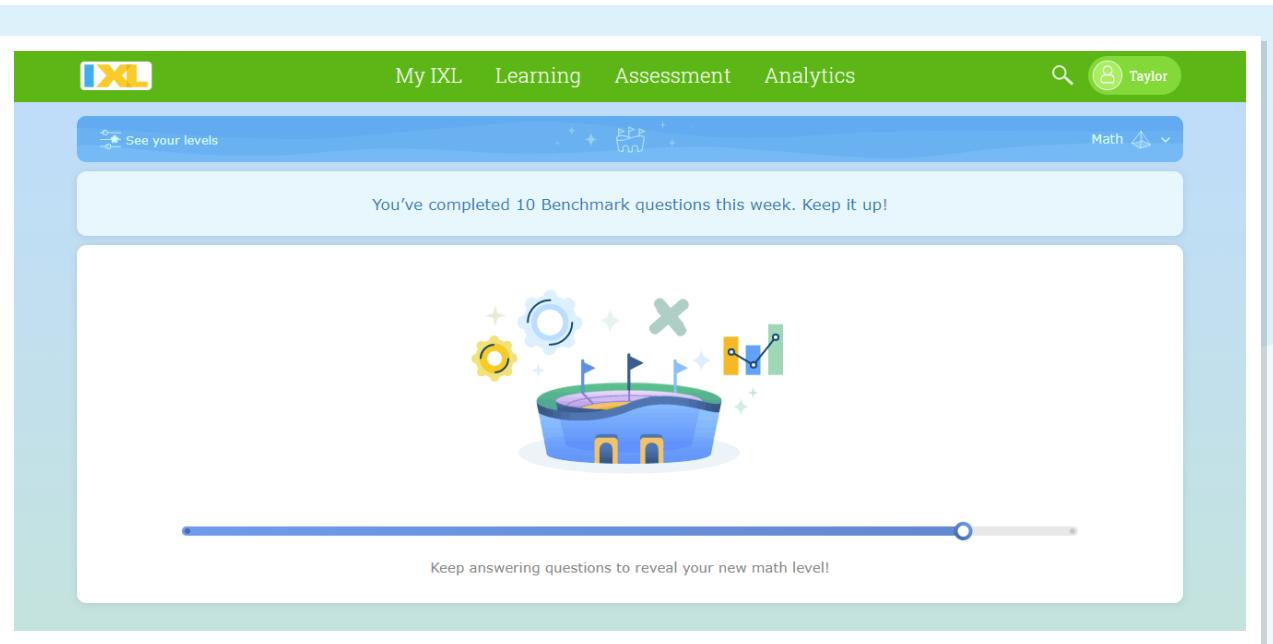

5

Answer the question. Try your best!

6

As you answer questions, the Diagnostic will update you periodically on your progress.

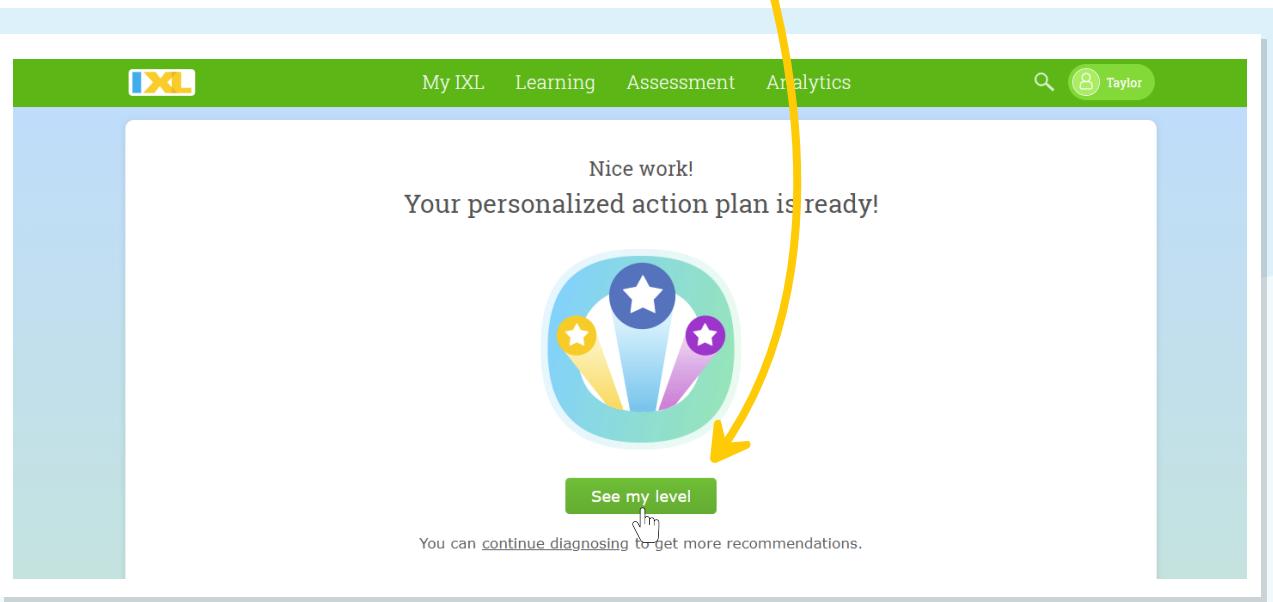

The screenshot shows the IXL LevelUp Diagnostic interface. At the top, there's a green header with the IXL logo, 'My IXL', 'Learning', 'Assessment', 'Analytics', a search icon, and a user profile for 'Taylor'. Below the header, a blue bar says 'See your levels' and shows a progress bar with several small icons (gear, plus, minus, person, etc.). A message in the center says 'You've completed 10 Benchmark questions this week. Keep it up!'. Below this is a large white area with a gear icon and a progress bar. At the bottom, a message says 'Keep answering questions to reveal your new math level!'. A question mark icon is in the top left corner of the main content area.

Take a break! The LevelUp Diagnostic in Real-Time mode can be completed all at once, or over the course of several weeks.

7

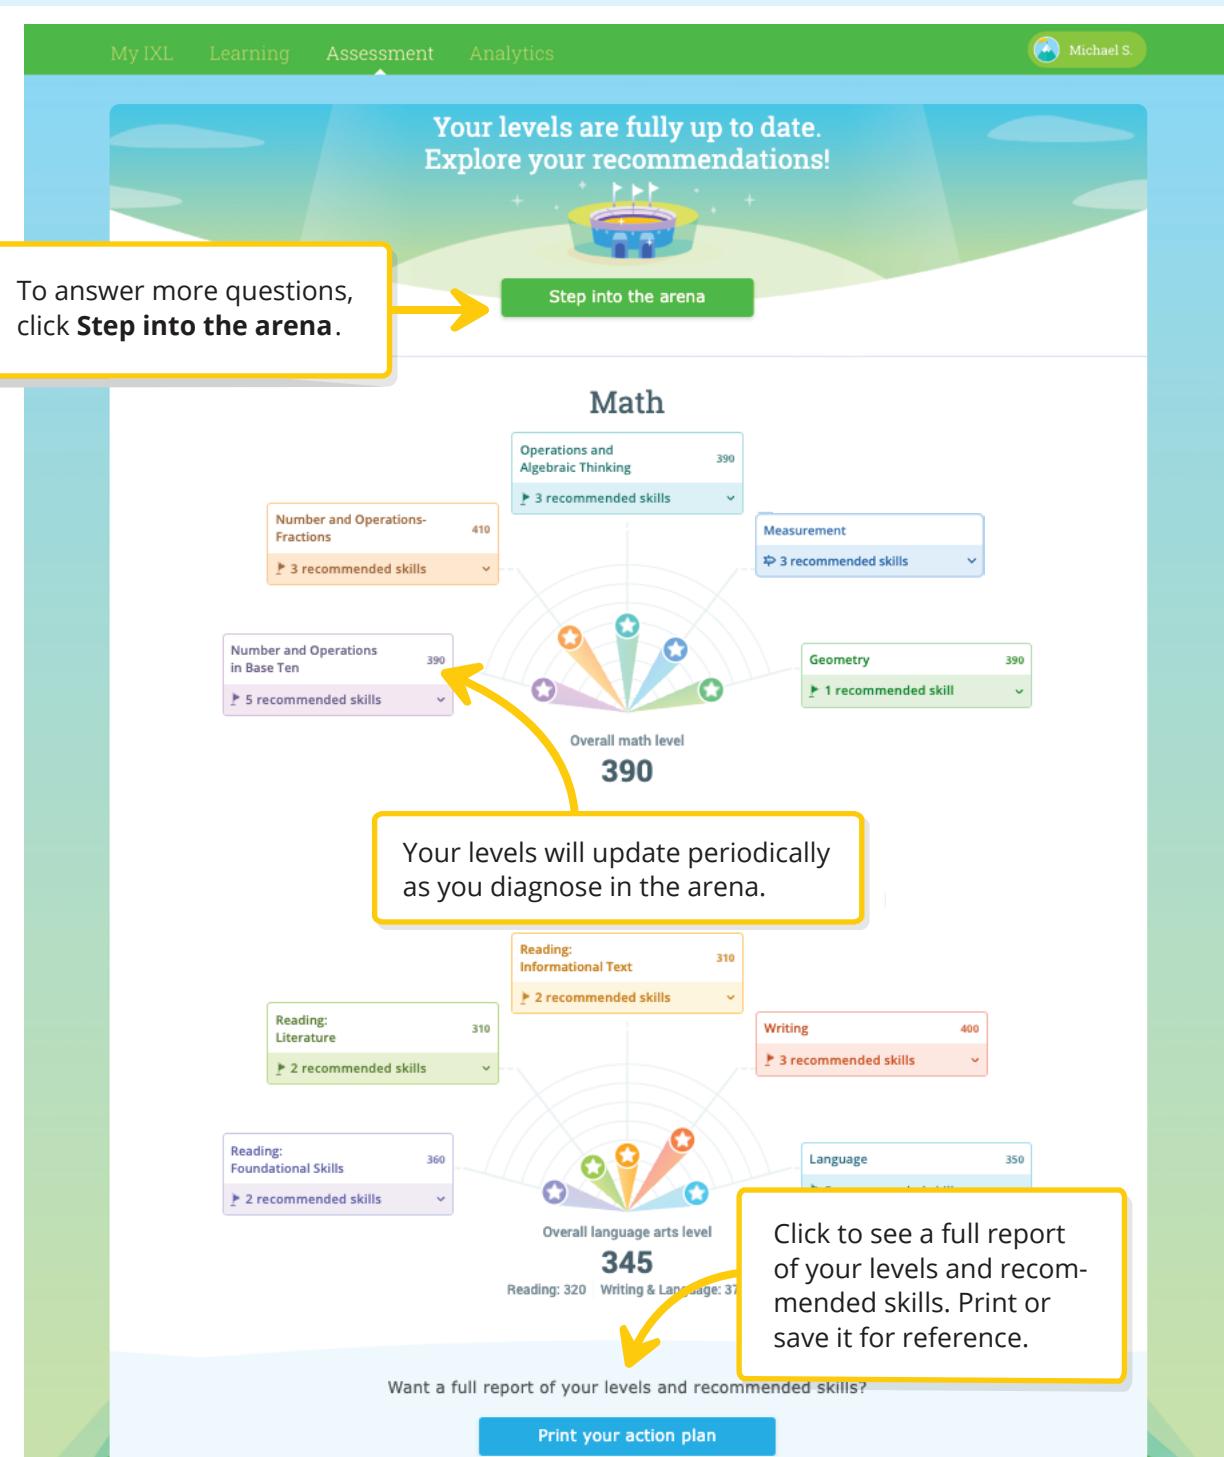

Congratulations! Once your personalized action plan is ready, you can click on **See my level** to view your Diagnostic stats.

The screenshot shows the IXL LevelUp Diagnostic interface. At the top, there's a green header with the IXL logo, 'My IXL', 'Learning', 'Assessment', 'Analytics', a search icon, and a user profile for 'Taylor'. Below the header, a message says 'Nice work! Your personalized action plan is ready!'. In the center is a circular icon with three stars and a checkmark. A yellow arrow points from the text 'Your personalized action plan is ready!' to this icon. Below the icon is a green button labeled 'See my level' with a hand cursor icon. At the bottom, a message says 'You can continue diagnosing to get more recommendations.' A question mark icon is in the top left corner of the main content area.

8

Check out your current levels and learn more about yourself!

The screenshot shows the IXL Diagnostic interface. At the top, a green bar has tabs for 'My IXL', 'Learning', 'Assessment', and 'Analytics', with a profile picture for 'Michael S.' on the right. A central message says 'Your levels are fully up to date. Explore your recommendations!' with a green button 'Step into the arena'. A yellow callout box with a yellow arrow points to this button, containing the text 'To answer more questions, click **Step into the arena**'. Below this, the 'Math' section is shown with a circular 'Overall math level' of 390. Four boxes represent skill groups: 'Number and Operations-Fractions' (410, 3 recommended skills), 'Number and Operations in Base Ten' (390, 5 recommended skills), 'Operations and Algebraic Thinking' (390, 3 recommended skills), and 'Measurement' (390, 3 recommended skills). A yellow arrow points from the 'Number and Operations in Base Ten' box to a yellow callout box containing the text 'Your levels will update periodically as you diagnose in the arena.' In the 'Language Arts' section, the 'Overall language arts level' is 345, with sub-levels: 'Reading: Informational Text' (310, 2 recommended skills), 'Reading: Literature' (310, 2 recommended skills), 'Reading: Foundational Skills' (360, 2 recommended skills), 'Writing' (400, 3 recommended skills), and 'Language' (350, 2 recommended skills). A yellow arrow points from the 'Language' box to a yellow callout box containing the text 'Click to see a full report of your levels and recommended skills. Print or save it for reference.' At the bottom, a blue button says 'Print your action plan'.

What do the Diagnostic levels mean? An IXL Diagnostic level of 500 represents readiness to begin working on fifth-grade level skills.

9

When you are ready to strengthen your knowledge in a strand, click on your recommended skills!

The screenshot shows the IXL LevelUp Diagnostic interface. At the top, there are three boxes: 'Operations and Algebraic Thinking' (3 recommended skills), 'Measurement and Data' (4 recommended skills), and 'Number and Operations in Base Ten' (5 recommended skills, with a sub-section 'Subtract numbers up to three digits' highlighted in purple). Below these are boxes for 'Reading: Literature' (2 recommended skills), 'Reading: Foundational Skills' (2 recommended skills), 'Writing' (3 recommended skills), and 'Language' (5 recommended skills). A central circular graphic shows 'Overall language arts level' with a '310' rating and several recommended skills represented by stars. A yellow callout box with a yellow arrow points to the 'Subtract numbers up to three digits' section, containing the text: 'This skill is recommended by the LevelUp Diagnostic and is based on your exact responses and level of knowledge. As you complete recommendations, new ones will appear!'. A 'Try it →' button is also visible in this section.

Teachers, Analytics has even more reporting available for you to gain insights into your students!

**The LevelUp Diagnostic is always available in Real-Time mode. Come back often!**

Try to answer 10 questions a week to keep your levels and recommendations up to date.
